Thank for the useful link. Practices such as applying too much manure directly on agricultural land and holding liquid wastes in poorly designed lagoons have, in some cases, resulted in very high nutrient levels in ground and surface waters. After the war, these same women were silently pushed back into positions ashore. If a single subtitle applies to all works by a single author place it after all the titles, preceded by a colon. It is not surprising, then, that Silva differs in two ways from his predecessors in his portrait of love.
